GEORGIA TROOPS TO GO INTO CAMP ON JULY 22

State Soldiers Expect to Make Good Showing During Stay in Augusta

Georgia troops will go into camp at Augusta on Wednesday, July 22, for a period of nine days, ending Friday, July 24.

Adjutant General J. Van Holt Naab Monday morning received advice to go effect from the war department which is in charge of the encampment.

The time taken for the encampment is the longest of any of the camps of the state.

The encampment is to be held at Augusta, which is the only place in the state which is not in the line of the state.

The original plan was for the state to be held at Augusta, which is the only place in the state which is not in the line of the state.

MONEY IS AVAILABLE FOR MOVING OF CROPS

Secretary McAdoo Ready to Lend Hand to Western and Southern Banks

WASHINGTON, June 15.—Secretary McAdoo again stands ready to lend a hand to western and southern banks in case they need money for crop-moving.

The plan of lending government money to the banks for the purpose of moving crops during crop-moving season last year was so successful that it will be adopted this year.

The money loaned by the treasury department last year was secured mostly by commercial paper, and all the borrowed money had been returned to the treasury by April 15 with interest amounting to \$26,000.

The total amount loaned to banks was \$37,288,000. It went to 125 banks in sixty-two cities of twenty-eight states.

Secretary McAdoo announced he would lend \$1,000,000, but that much was not sought. In fact, the secretary stood ready to lend as much as \$200,000,000 had the banks in the farming sections demanded that much money.

SAYS RAILROADS PLAN HIGHER FREIGHT RATES

J. Prince Webster Discusses Effect of Long and Short Haul Provision

WASHINGTON, June 15.—That the railroads operating in Georgia and other southern states are planning to increase freight tariffs to competitive bailing points under the long and short haul provision of the interstate commerce commission, is the assertion of J. Prince Webster, expert expert for the Georgia commission, Webster is in Washington, studying the effect of the federal commission's order and railroad rate men from the southeast are here working out a schedule of rates that will materially effect such bailing competitive points as Atlanta, Macon, Athens and other Georgia cities.

"The effect of the enforcement of the long and short haul provision as promulgated by the interstate commerce commission would be to materially increase freight rates to competitive bailing points of Georgia," said Webster this morning.

"The carriers are working out the scheme of rates to basic points that will offset the reduction to local points occasioned by the enforcement of the long and short haul provision. This means simply that points like Atlanta, Macon, Athens and other cities will pay a higher rate than now on freight while Louisiana and Marietta will get cheaper rates."

SUNDAY SCHOOL HEADS
WILL ELECT OFFICERS

The annual election of officers of the Atlanta Sunday school superintendent's congress will be held Tuesday evening at the June meeting of the congress in Central Presbyterian church. Nominations for the several offices have been prepared by a committee.

The present officers are led by Dr. Marion McEl, president, and J. S. Spaulding, secretary and treasurer. Dr. Hull has been active in the leadership of the organization for the past years and will not be eligible, therefore, for re-election. The congress is composed of superintendents of Atlanta Sunday schools regardless of denomination.

FIRST CAR OF MELONS LOADED AT QUITMAN

Dry Weather Is Responsible for Smaller Melons This Year

(Special Dispatch to The Journal.) QUITMAN, Ga., June 15.—The water-melon season has opened here and the first car reported for the state was loaded here Thursday by J. L. Barker. The car was loaded from a twenty-five-acre field and averaged twenty-five pounds. It was loaded ten days earlier than the first car last season. Friday a car was loaded at Barwick by Oscar Pope and Saturday Melton Scott loaded a car at the same point. Barker will ship about ten cars next week and the price is from \$15 to \$20 per car. Average weight 22 to 28 pounds. A car was loaded at Morven Saturday also, making about five cars shipped up to today.

The melons are not as large as usual, owing to the continued dry weather.

JUDGE PARKER HITS HARD BLOW AT COL. ROOSEVELT

Scores Recent Statement of T. R. Regarding Attitude on Coal Strike

(By Associated Press.) NEW HAVEN, June 15.—"Something is radically wrong in the mental processes of the electorate, or else patriotism is at its last gasp when, with hardly a whisper of protest, a retired chief executive may brag to representatives of the people of his treasonable scheme to intrude on state rights, and violate otherwise the fundamental law by establishing a military receivership over coal mines pending a strike, admitting without a suspicion of decent shame that he had well considered that his offense might be impeachable if committed—impeachable, of course, only because the acts planned would have been unconstitutional and lawless," said Judge Alton B. Parker, of New York, once a candidate for the presidency, in addressing the graduating class at the Yale Law school today.

Work of Indians Featured in
Week's Play in Georgia-Ala-
bama League—Gossip of the
Other Clubs in the Circuit

Alabama league has been the Georgia club finishing a nine day series in which they won seven games out of nine played. Then, after reaching the Newnan club, they lost a series to the Newnan club. The Georgia club of today is 50 per cent stronger than the team the Indians started the season with. Their strength lies in the ability of the Gas Williams and the Davis and First Base. The Alabama fans should not be discouraged because their team lost a series to Newnan that Georgia club is playing great baseball. They have won six of the last eight games. In May, the nineteen-year-old Whitney, Stewart and Pool, they have a strong pitching staff in the league, and War Sasser.

The Anniston club continues to slump. Their playing this year has been very discouraging, as the fans have pointed out in the games played. A remnant of the fans who were in the stands during the game, thought that the Anniston fans still have faith in the team, but are not liking. They consider the slump a pity, as Anniston has undoubtedly been the best team in the league other than in the league. Their team, which was composed of Hopper, a pitcher, and a catcher, and a few other players, is perhaps better than any other team in the league. The managers, Abbott and Collins, are also college stars. "Lamar" is in the league, while Lamar will be in the league. Lamar is good at covering a world. Newell, of Opelika, is the only one in the league. The only one in the league is good, with Ragland. The ground is good for good batters, who are good. The ground is easily the equal of any other ground in the league. The only weakness. Two new pitchers will join the club in the near future, and the team will be better.

Gadsden is also in a slump as Opelika, while Selma, and La Grange are rapidly regaining lost ground. The LaGrange club is the only club in the league which has the same team started the season with. Their main dependence is in the hitting of the defense and the arm of Russ Zellers, a Mercer University pitcher, is hitting big game ball for that club. Gadsden club seems to be able to win every other week, but seem unable to win consistently. Hayes their manager, is a head at game and has a good club, but not as good a team as Gadsden was the pennant with last year, the batting of Randall and Pezold is sadly missing.

not playing the ball they started to season with, as several of their players were batting out of their stride. However they have a well organized defense and will likely finish in the first division, provided some of their best players are not injured.

Jack Reidy's club at Rome is playing good ball and is well up in the race despite their bad beginning. The first team started with weak places in the infield and a weak batter outfield. Now they are a well batting outfield one of the best of teams in the circuit. Aaron their left hander has been a disappointment.

him; instead Reidy has won most of his games with Boote, an old L. S. C. star and Knight in the box. The two leaders have also pitched good ball so far.

Two league records were made in the game last Saturday, between Annapolis and Newnan, thirty runs and seven home runs were made in that game by both clubs. However it is seldom that large scores are made in the circuit, but most of the games are won by small scores as all of the clubs are very evenly matched.

Benefit for McCormick

COLUMBUS, Ga., June 15.—HIS ("Sandy") McCormick, who has done valiant work as a pitcher for the Foxes but whose health has gone back on him, will be the subject of a benefit game necessitating a trip to the west and a long rest, was the subject of a symphonizing remark in more than one Columbus pulpit yesterday. Next Tuesday game at the baseball park will be for the benefit of McCormick, and a large crowd should be present. In his Kentucky home his widowed mother is nursing his brother, who is a victim

Nashville Opens Four-Game Series With Locals at Ponce de Leon Today

Smithmen Here For Four Games With the Vols

Team Returns After Eight-Day Trip—Won Four and Lost Five—Memphis Series Produced Two Pleasing Features—Game Today at 3:30

BY LEWIS BROWN.

They are again at Ponce de Leon this afternoon, and the flitting team from Nashville will furnish the opposition. For the past three weeks the club of Schwartz has furnished the main topic of conversation all around the city. With his outfit gathered from the four corners of the land, the youthful pilot has been flitting everywhere that came within his reach, with the result that he has copied something like a score of the last twenty-six games played.

When the Crackers batted into Suitor Dell last week they were handed out of the warmest receptions of their careers to date. No less than four of his allies were divided against them, and that, too, in spite of the fact that the old artillery was right in line, firing broadsides into the opposing ranks with diabolical effect. But in all save one contest the Vols returned this fire with just a wee bit more effectiveness.

However, after leaving the Tennessee capital the local athletes fared considerably better. They took sweet revenge on the Chickasaw entanglement, marking three of our engagements with the first. This last series produced at least two pleasing features. For one thing it saw the great comeback of Jack Becker, who trimmed the Finns in two of the four games. What is more, Jack showed his best assortment of stuff in Sunday's game when he pitched the Bluff City aggregation off with a whitewash. Also the team pulled a real sacrifice finish in our game, coming from behind a six run lead and winning in the ninth inning.

The boys should be in much better luck now than they were when they hit the west Tennessee stronghold, and doubtless they will have considerably more argument to lay before the Senators' trial than that which they were telling in the Rock City. At any rate, the showing on the trip was not so disastrous. In fact, they lacked only the old battle of drawing an even team. They topped four of the nine games, and when the merry clip at which the Vols are traveling just now is considered, this is no bad record by any means. The game today will start at 3:30 o'clock.

Frank Browning or El Dent will likely draw the assignment of carrying the pitching Vols, while Heine Berger will probably be Bill Schwartz's selection.

TODAY'S LUCKY FAN

If the fan to whom arrow is pointing in the above cut will appear at the Journal office with copy of paper containing cut before time for to-day's game, he will be given a free ticket to the game.

In his last out, Heine was an exceedingly effective old man, since he trimmed the Lookouts by a score of 4 to 0. However, there is little belief locally that he can take the Crackers to such a beating here on home soil. The Nashville club will bring two men who did not play with them on their last trip here in Paulie and Gibson. However, both are known to local fans, having played in the league before, the former with Motie and the latter with Detroit. Before he was drafted by the Nashville Tigers.

Oxford Club Rescinds Rule

LENDON, June 15.—At a recent meeting of the Oxford University Athletic club the committee virtually rescinded the resolution adopted in November excluding from competition in freshmen sports the members of foreign universities, and substituted the simple rule that freshmen sports nobody shall be permitted to compete who has reached twenty years of age.

THE SPORTLIGHT

BY GRANTLAND RICE

This seems to be a rawther fawncy year for the McGraw school of Baseball; or, rawther, the McGraw College of Swat.

John J. himself is leading his league and the citizen tramping on his heels is a recent graduate—C. Herroz, who drew his managerial diploma last fall.

These two are now raising practically all the deuce there is in the National league, and down in the Southern Moose McCormick, another Polo Ground graduate, is whizzing winsomely along at the head of his circuit.

All of which is a fair average for any school—with two first and a second out of four starts.

SUCH BRING BASEBALL.

The one graduate who finished with the highest collegiate honors and who was expected to travel fastest is still having a rocky time. Our old college chum, W. Robinson, is having the dickens of a summer getting those Dodgers pointed in the proper direction.

But, while he hasn't absorbed any eternal fame to date, Robby in one way deserves the everlasting blessing of the Brooklyn community. He at least didn't tear the league open for six weeks, lift his people into a penitent frenzy and then permit some one to cut the ropes. The old way of lifting Dodgers hope to the sky through May has been abandoned by the party leader, and even if he fails to finish well up Brooklyn fans will not be recipient of their annual midsummer shock when the chutes were opened.

FABLE

Once on a time in vanished years,
Within an age long sped,
A White Sox pitcher gave three hits
And the other club dropped dead.

Once on a time Benj. Russell, Scott
And Syoot of renown
Almost allowed a run to score
Before they settled down.

Pitching may come and pitching may go, or pitching may stand still, but it has been, and will be, many a weary epoch before the game furnishes a brand like unto that displayed by Calahan's staff.

Records compiled to date show that the White Sox big four have permitted less than one earned run to the battle from the season's start—a

better showing than even the redoubtable Johnson was ever able to put through in a long stretch of games. Johnson last season allowed 1.07 runs to the combat, but here are four people traveling at a still swifter pace—the swiftest pace that baseball has ever lumped in so far as the artistic science of throwing a baseball was or is concerned. These four blokes have had as much stuff on the ball as the cover could stand. While it is the last work in "having something."

SAME FINIS

Sooner or later down the way
The whisper comes that all must kneel;
Whether be the game they play,
However crimson be their glow:
"The thunder huddles with the snow,"
Where all men heed this final call;
They crown the game, they rule the shot,
But Doc Time pitches shutout ball.

THE NEXT?

Coulson was the first champion to fade this season, and there is a chance that Johnson will be the next—Jack, not Walter or Byron Banfill. The husky Numidian from Texas and Chicago—3,000 miles from—has only a short distance to travel. He has been going quite a while, and what is even more, he has been going at quite a pace. If Moran can spin out only a good, average battle—only the average white hope battle isn't good—nature will come far enough to his rescue to look after the result.

Johnson hasn't fought a regular battle in four or five years. And if a contender can lead the life that he has known and refrain from competition at this time, and still win, it will be a horrible knock at the white hope industry established the day after Jim Jeffries toppled and dropped into the resin at Reno. If Johnson can still hold his title it will be by default. Of late years, the last fifteen anyway, the fighting game has been unable to develop but one star heavyweight at a time. Jeffries had no rival for seven years, and Johnson hasn't had one for five.

"I played my game," remarked "Chick" Evans, on his return, "and have no excuses to make." When the other guy goes out in 31 with five or six 2's there is very little opening for any post mortem. All rebuttal ceases abruptly.

TEXAS WOMAN HEAD OF CLUBS FEDERATION SLATE

Mrs. Percy V. Pennybaker to Be Offered Second Term as President

(By Associated Press.) CHICAGO, June 15.—The slate of the nominating committee of the General Federation of Women's Clubs, prepared for presentation today, was headed by Mrs. Percy V. Pennybaker, of Austin, Texas, the incumbent of the presidency, who was to be offered the traditional second term.

Mrs. Samuel B. Smith, of Tiffin, Ohio, was named to succeed Mrs. H. L. Blankenburg, of Philadelphia, who has served two terms as first vice president.

Mrs. Eugene Reilly, of Charlotte, N. C. was elected for second vice president.

Mrs. Georgia A. Bacon, of Worcester, Mass., for corresponding secretary.

Recording secretary, Mrs. Harry L. Keefe, of Waltham, Neb.

Treasurer, Mrs. William B. Williams, of LaPorte, Mich.

Auditor, Mrs. C. H. McMahon, Salt Lake City, Utah.

Directors, Mrs. William E. Andrews, Washington, D. C.; Mrs. L. A. Christie, Butte, Mont.; Mrs. Grace Julian Clarke, Indianapolis, Ind.; Mrs. Francis D. Everett, Highland Park, Ill.; Mrs. Frank White, Albany City, N. D.; Miss Mary Garrett Hay, New York City; and Mrs. W. Brooks Young, Jacksonville, Fla.

Home economics and public health were the subjects of the day's sessions as outlined in the program.

Eugene's sanitation, pure food legislation, tuberculosis and compulsory education were among the leading topics.

Miss Julia Lathrop, head of Children's Bureau, of the department of labor, made a strong plea for compulsory registration of every birth.

"Legal record of birth is the only means of preserving the lives and rights of children and no American baby should be deprived of that right," she said.

Only by prompt registration, she said, can doctors discover the children who need care. It is only thus that we can stamp out blindness of the new-born.

Miss Lathrop urged the delegates to plan to have a meeting of every club within the next six months at which they would take action to protect the babies of their own communities.

Dr. Charles S. Rockhill, of Cincinnati, urged the women's clubs to work for playgrounds and breathing spaces in congested city districts as part of the fight against tuberculosis.

The most important work the women's clubs could do, he said, would be to urge the establishment of a federal tuberculosis commission.

Demand for field laws in every state in the union that certifies freedom from communicable disease should accompany every application for a marriage license was formulated in a resolution submitted today by Mrs. S. S. Crockett, chairman of the public health department of the federation.

Married Men Lose In Campaign, Serve As Table Waiters

DALTON, Ga., June 15.—With a number of ladies present to enjoy their discomfort, a number of prominent Dalton men, much married, paid the penalty for showing a lack of hustle, by acting as waiters at a banquet for their friends in single lodgings at the First Baptist church.

Some time ago the benevolent and bachelors of the Barren class of the First Baptist church decided to conduct a membership campaign, making an agreement whereby the lone side would serve as waiters at the annual banquet.

The bachelors far outnumbered the benefactors, and the married men had to pay the penalty. The young ladies members of the Philanthia class were invited, and the married men, with spouses tied around them and sleeves rolled to elbows, looked after the wants of the banqueters, waiting until after the banquet to get their.

MRS. REBECCA OVERSTREET SUES FOR DEATH OF SON

(Special Dispatch to The Journal.) VALDOSTA, Ga., June 15.—Another interesting case set for trial in the city court of Valdosta at this session is that of Mrs. Rebecca Overstreet against the Georgia Southern and Florida Railway company.

The plaintiff is suing the railroad for \$30,000 damages for the death of her son.

"The plaintiff, in her contention, alleges that while her son was a passenger on a Georgia Southern and Florida train near Milledge, the conductor ordered him to leave the coach that was to be cut off at Valdosta, and that, while passing on the platform between the cars, the young man was thrown from the train into a ditch, which had about three feet of water in it, and he was killed."

RAIN ADDS TO GLOOM OF U. S. POLO PLAYERS

Second Game May Be Delayed and Perhaps 'Tis Just as Well

(By Associated Press.) HEMPSTEAD, N. Y., June 15.—Owing to the downpour of rain all night, indications early today were that the second international polo game set for Tuesday might have to be postponed owing to the slippery condition of the field.

However, if the weather clears by evening the game may be held.

Optimism that was on apparent Saturday morning in the American camp and among thousands of American followers of the game, had been changed to gloom today because of Saturday's English victory. The remarkable shift in betting, from 2 to 1 in favor of England, to 3 and 4 to 1 in favor of the Americans in a fighting mood.

Both the American and English players today showed signs of the hard riding of Saturday's game.

A radical change in the line-up of the American polo club defenders because of Saturday's defeat at the hands of the British team, seems assured.

Judging from the talk heard in the polo colony at Hempstead, the committee of the polo association is to meet today and at its conclusion the new line-up of the American team will be announced.

The new line up, it is said, will be Lawrence Waterbury, No. 1; J. A. Waterbury, No. 2; Malcolm Stevenson, No. 3; and Devereux Milburn, No. 4.

This, it is said, is the strongest combination of players that the committee can bring forward at this time. It means that three members of the unbeaten Big Four will be in their old positions.

Dr. T. H. Maddox Kills Harry Barry and Is Slain by Barry's Brother

MILNER, Ga., June 15.—As the result of a pistol battle here yesterday morning, Dr. T. H. Maddox and Harry Barry are dead and Robert Barry, a brother of the latter, is under arrest at Zenulon charged with the murder of Dr. Maddox.

The trouble started Saturday night, it is said, when Dr. Maddox, picked a banana from the stem in Harry Barry's store. Harry Barry is said to have told his younger brother to charge it. The argument whether it should be paid for was resumed yesterday morning.

Hot words were exchanged and it is claimed the elder Barry started toward the door. He had taken only a couple of steps when, it is said, Dr. Maddox opened fire with a pistol. He fired five times and every one of the bullets took effect. Harry Barry died almost instantly.

Dr. Maddox jumped into his automobile. Before he could get away, it is said, Harry's brother appeared on the scene and insisted the doctor take care of his wounded brother. The doctor is alleged to have refused and started to drive away. The younger Barry then opened fire, shooting four times at the doctor, three of the bullets taking effect, two of them entering his lungs and another his arm. The doctor was carried to his home where he died at 11:30 o'clock yesterday morning.

The argument whether it should be paid for was resumed yesterday morning.

Hot words were exchanged and it is claimed the elder Barry started toward the door. He had taken only a couple of steps when, it is said, Dr. Maddox opened fire with a pistol. He fired five times and every one of the bullets took effect. Harry Barry died almost instantly.

Dr. Maddox jumped into his automobile. Before he could get away, it is said, Harry's brother appeared on the scene and insisted the doctor take care of his wounded brother. The doctor is alleged to have refused and started to drive away. The younger Barry then opened fire, shooting four times at the doctor, three of the bullets taking effect, two of them entering his lungs and another his arm. The doctor was carried to his home where he died at 11:30 o'clock yesterday morning.

TWO KILLED IN FIGHT STARTING ABOUT BANANA

Dr. T. H. Maddox Kills Harry Barry and Is Slain by Barry's Brother

MILNER, Ga., June 15.—As the result of a pistol battle here yesterday morning, Dr. T. H. Maddox and Harry Barry are dead and Robert Barry, a brother of the latter, is under arrest at Zenulon charged with the murder of Dr. Maddox.

The trouble started Saturday night, it is said, when Dr. Maddox, picked a banana from the stem in Harry Barry's store. Harry Barry is said to have told his younger brother to charge it. The argument whether it should be paid for was resumed yesterday morning.
